

**Pantelis Nikolaidis**, PhD, is a Greek sports scientist who has specialized in sports physiology. He is senior lecturer in School of Health and Care Sciences, University of West Attica, Athens, Greece and lecturer in Laboratory of Exercise Testing, Hellenic Air Force Academy, Acharnes, Greece.

He studied sports science at the University of Athens (2001); then focused on exercise physiology at the University of Prague as a scholar of the state scholarship foundation (PhD, 2008). He teaches at the Department of Physical and Cultural Education of Hellenic Army Academy (Athens, 2008-). Since 2008 he runs a private exercise physiology laboratory by collaborating with many sport clubs and athletes, mostly in the region of Athens and Piraeus. He published more than 100 peer-reviewed scientific papers and has been reviewer for more than 40 international scientific journals. His research interests focus on athletes' fitness profiling.
